(P+P is £3.99 per pack.)

Images on a CD...

After you have ordered a **minimum of three prints** from the session, we can supply all of your session photographs as colour and contrast corrected high and low resolution, jpeg files on a CD. We realise that many people want to be able to use their headshots on personal/agents/business/company websites and have access to them for future personal use. **By returning this order form you are deemed to have read and agreed to the following conditions relating to images supplied on the CD:**

CD Notes:

- 1) By supplying these images on a CD **we do not supply you with the copyright to these images**. Nic Cleave Photography retains full rights to any work supplied under the 1988 Copyright act. We do however give you permission to use these images in the future for displaying on personal/agent/business or company websites (where a photo credit is always to be included, see below) and personal non-profit use only.
- 2) Where future non-profit editorial use of these images occurs, a full printed photo credit reading **Photo © 'Year of publication' Nic Cleave Photography** is to be included next to or adjacent to any/all photos printed. Where this is not printed by any third party, this will be considered 'unauthorised use' and full compensation under UK copyright laws will be vigorously pursued.
- 3) Where future commercial/advertising use of these images occurs, **the client agrees to contact the photographer first**, to negotiate a commercial image license. Instances where this commercial image license is not agreed before commercial/advertising use of these images occurs will be considered 'unauthorised use,' and full compensation under UK copyright laws will be vigorously pursued.
- 4) While it is technically possible for these images to be printed if required, we would always recommend that to guarantee the best possible print quality, that any re-prints are purchased from us. Obviously if you are purchasing our services in order to make the right impression through the resulting high quality professional photographs/images, most clients wish to maintain this quality through any future re-prints that may be needed.
- 5) **Images on the CD will be colour and contrast corrected only**. They will not have received the secondary digital processing that your final finished prints will have received so will still contain blemishes and imperfections etc and will appear 'as shot'. (Only the individual images selected as finished prints will be supplied as fully processed on the CD.)
- 6) Images supplied on the CD will not have been cropped to print sizes. They will still be at their native size. (Only the individual images selected as finished prints will be supplied as 'cropped to print size' on the CD.)

The CD costs £150.00 (plus £1.99 P+P.)

Sub Total: £ _____

(P+P = £5.98 if ordering the CD.) **Prints P&P: £ 3.99** _____

Total amount payable: £ _____

Please make cheques payable to **Nic Cleave Photography**. Thank you for your order.
